VITTORIA PRODUCT INFORMATION:

Type: Semi Aniline
Source: Italy (Australian Hides)
Average Hide Size: 4.8m²
Thickness: 1.1 - 1.3mm

VITTORIA is a premium leather, produced by one of the world's finest tanneries. Made in Italy on premium Australian hides, VITTORIA is a uniquely Australian leather that is both easy to work with and supremely comfortable to sit on.

VITTORIA offers a wonderful combination of thickness, supple handle and luxurious texture. All colours in the range exhibit a very subtle shadowing effect, adding further depth and character to the leather.

Offering superb comfort and style, VITTORIA is suitable for residential and commercial application.

All colours are in stock in our Australian warehouse and available for immediate off-the-shelf delivery.

Custom colours are available on request.

COMPANY ENVIRONMENTAL NOTES:

VITTORIA is produced by an ISO 14001 certified company. The tannery also carries the ISO 9001 Quality Certification. This tannery has pioneered the New Eco Spray System (NESS™) as part of the European Union's LIFE environmental projects. This project has fostered new tanning technology, reducing chemical wastage and emissions from the leather production process. Their commitment to the environment includes some of the most advanced waste management techniques in the industry.

VITTORIA is produced using only water-based dyes.

All tannery wastage (liquid, gas and solid) is treated according to European Standards on-site and again at a shared off-site facility.

Detailed product and tannery environmental notes are available on request.
